NEW

BUDDY

FULLY EQUIPPED ON THE GO

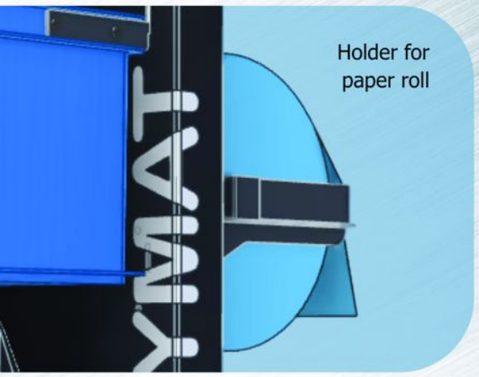

DURABLE TRANSPORT AND STORAGE SOLUTION FOR PROFESSIONALS

The BYMAT Buddy offers plenty of space for your device and work tools.

- BIG STORAGE
- FLEXIBEL
- MOBILE

Device securely fixed

Holder for paper roll

With the new Buddy, you can transport your equipment and materials easily and safely – even on uneven terrain such as construction sites. Tools and accessories are neatly stored and always within reach. The integrated cable holder on the back ensures tidy cable management.

BYMAT – WORK SMARTER. WORK EASIER.

THE WORKPLACE FOR CONVENIENT OPERATION

COMFORTABLE WORKING IN THE WORKSHOP OR ON-SITE

NEW

COMPATIBLE WITH ALL BYMAT DEVICES

COMPLETE CONCEPT SOLUTIONS WITH VARIOUS MODELS

CADDY

WORKSHOP TROLLEY WITH MULTIPLE SHELVES AND HOLDERS

The perfect storage space for a BYMAT cleaning device.
The Caddy offers compartments for electrolyte and tools, as well as a separate compartment for the 1200 EP electrolyte pump.
Thanks to its 4 solid rubber castors – 2 of which are swivel-mounted and equipped with brakes – your device is always right where you need it. A practical cable holder ensures that cables stay out of the way.

BYMAT® ROBOTICS

Our Picklingtables can be upgraded with the BYMAT robot.
Flexible and easy to program – guaranteed productivity increase while reducing workload and saving time.

PICKLINGTABLE L

COMPACT. PRACTICAL. VERSATILE.

Large working area
Dimensions: 1,410 x 700 x 1,180 mm (W x D x H)
Working height: 980 mm

The Picklingtable L is the standard model of our series – equipped with everything you need for immediate use: integrated ground connection, wastewater tank, paper roll, as well as numerous holders and shelves. A well-thought-out base in a compact format.

Thanks to its versatility, it can be combined with all BYMAT devices and easily adapts to your applications. Optionally, the Picklingtable L can be equipped with a mobile extraction unit – for even more comfort and safety.

PICKLINGTABLE XL

FLEXIBLE. MODULAR. FUTURE-PROOF.

Extra-large working area: 1,545 x 800 mm
Dimensions: 1,790 x 898 x 1,180 mm (W x D x H)
Working height: 980 mm
(Standard model without extraction unit)

The Picklingtable XL grows with your requirements. Even in its basic configuration, all essential features are included: a secure ground connection, wastewater tank, paper roll, plus practical holders and shelves – ready to use right away.
Its modular design allows for easy expansion at any time: from useful add-on modules to a fully equipped system with extraction unit, cleaning device, automatic electrolyte supply, hose package, and matching starter kit.

This way, you are not only investing in a solution for today, but in a system that keeps pace with your tasks – from the basic setup to a powerful all-in-one solution.

BASIC EQUIPMENT

- Large working area
- Shelves for accessories
- Integrated ground connection
- Large splash guard
- Wastewater drain
